

Anonymous Computability Client Report

STARTDATE	DISABILITY	NEEDS	PROVIDED	AGE_APPRX
05/09/2023	low ability	PC for music work	Quad core desktop system	55
05/09/2023		PC for his brother	Dual core desktop system	55
19/02/2023		laptops for admin support	Dell and HP no webcam from Haylands	
29/11/2022	less enabled	laptop for everything	Chromebook from Ukrainian Donor 550	25
27/07/2022	Crohn's disease, etc.	laptop for everything	Lenovo Yoga Ukrainians Donor no. 531 (category 7)	40
24/04/2022	homeless		Toshiba dual core with Linux Mint	
24/03/2022	Balance difficulty	PC with serial port for garden project	basic AT PC with 910E and 2Gb memory; FreeDOS	70
24/03/2022	general support	internet access	Toshiba 15" dual core laptop	
24/03/2022		Internet access	Dell Vostro dual core PC desktop PC	
27/08/2021	Support organisation	Three laptop computers for domiciliary use and printer	Three laptop computers for domiciliary use with cases; small laser printer	
19/06/2021	Son studying computing	Basic machine to get going	Steve R's old dual core AMD with 18" flat screen monitor etc. and 60Gb SSD; Linux Mint 20.1	
19/05/2021	regd disabled; CVA and heart attack	Windows computer for RSGB exam	Fujitsu Lifebook i3 (with webcam) with 60Gb SSD; Windows 10	55
22/04/2021	Covid laptops for Kids	Three laptops forCovid at home support	3 assorted dual core laptops with Linux Mint	
01/04/2021	General disabled	basic computer system	personal old Lian Li/Gigabyte system with monitor, speakers, webcam, etc. Linux Mint on 128Gb SSD	35
18/02/2021	Covid learning access	Covid learning access laptops	Six varied laptops for school	
13/10/2020	General needs		Asus laptop with Linux	
12/10/2020	learning difficulty; dyslexia; ASD	internet contact; support services	Fujitsu dual core (new) Linux Mint	29
09/06/2020	single parent mom support	computer for professional courses	Dell Inspiron 1520	

STARTDATE	DISABILITY	NEEDS	PROVIDED	AGE_APPRX
28/11/2019	ADHD, ODD, ASD	laptop for school work	Toshiba laptop with Linux	13
11/09/2019	Family of five, two children autistic spectrum one ADHD and epil	Internet access		16
03/09/2019	Lymphoedema; back pain; asthma; osteoarthritis; blood clot in lu	Internet access	Dell laptop dual core with 120Gb SSD	50
02/08/2019	damaged arm; starting canoe business		HP dx-2420 with SSD and Linux; HP-3050A deskjet	45
22/03/2019	learning difficulty and glaucoma	laptop for JSA etc.	newer IBM Lenovo with Linux Mint 19.1 with 128Gb SSD	57
12/03/2019	for daughter having difficulties	basic laptop ofr Internet	Fujitsu dual core Linux Mint Tara (SHA Group)	
27/12/2018	autism	replacement laptop	HP 620 laptop with 120Gb SSD and Linux 19.0	29
24/10/2018	anxiety and depression	new laptop	eeePc Asus, 120Gb SSD, Linux Mint 32 bit	40
28/08/2018	low educational achievement	wants to volunteer and work with animals; been homeless		35
22/08/2018	damaged hips, etc. (motor accident)	replacement desktop PC (Fujitsu dec'd)	HP desktop machine to replace Fujitsu - Linux Mint 18.3	68
17/08/2018	autism	laptop with Internet access	laptop and mono printer	29
30/05/2018	clients with general memory difficulties	laptop for showing YouTube and movies with a projector	Philips dual core laptop with SSD	73
26/03/2018	mental health	JSA, comms		33
05/01/2018	depression and mental illness	to make job applications		45
27/10/2017	RTA pain and mobility	basic computer and Internet	replacement Fujitsu laptop Mint 19	58
07/09/2017	learning difficulty and glaucoma	laptop for JSA etc.	IBM Lenovo with Google Chrome O.S.	50
15/08/2017	M.S. Quadriplegic mostly	laptop for banking etc.	IBM Lenovo with Google Chrom O.S.	50
03/08/2017	severe Dyslexia	emergency computer	Windows 10 computer (Mike Deness')	60
30/05/2017	mobility issues; hips; fibromyalgia	basic Internet computer	Philips 15" laptop wih Win 7	50
13/02/2017	granddaughter disabled			

STARTDATE	DISABILITY	NEEDS	PROVIDED	AGE_APPRX
07/02/2017	fribromyalgia and heart attack	basic system Internet only	Dell dual core laptop	55
14/09/2016	Arthritis; poor mobility	PC for email; Internet; correspondence	x2 core IBM laptop; HP all-in-one printer	93
13/06/2016	depression; mental problems	replacement laptop on boat	basic 1.4GHz laptop	75
06/04/2016	subarachnoid haemorrhage	laptop PC for internet and games	Acer 5536 with Windows 7	50
15/09/2015	double amputee	basic Internet access	AMD x2 with good monitor	60
24/08/2015	Job Centre referral for PC Course low income	computer for internet course (Southampton)	Dell x2 core laptop Win 7	45
17/07/2015	damaged hips, etc. (motor accident)	new PC	Fujitsu desktop - very fast dual core	64
16/04/2015	Mental Health	laptop for general use	1.5Ghz HP laptop with Linux LXLE	
10/03/2015	General	6 PC's running Linux - offered three		23
30/01/2015	not revealed	Computer for internet access	Windows 7 system; 1.8GHz	
15/01/2015	general mobility	Internet access for IWU3A	dual core RM laptop (plus spare)	62
09/12/2014	ADHD	multimedia system	Dual core 1.8GHz tower with wide screen and speakers	46
08/10/2014	autism	laptop to replace aging PC	laptop 1.7GHz	
19/09/2014	osteo-porosis; athritis; ME; Asthma	replacement laptop - Toshiba intermittent fault	Dell dual-core laptop (dead battery)	60
02/09/2014	general debility	basic machine	AMD dual core	70
06/06/2014	computer stress and other issues	general support and advice	advice, guidance, encouragement and further technical help	62
05/06/2014	job-seekers allowance and hard times	laptop repair or new	loan computer while own being fixed; else donation	
17/05/2014	general mobility	Internet access for IWU3A	dual core Toshiba laptop WinXP	62
01/05/2014	general mobility	full reinstall	full re-install with purchased SSD	74
08/03/2014	general debility	media centre	I5 refurbished	70
15/11/2013	Down's syndrome daughter and problems	Basic Internet system and printer. Needs travel bookings, etc.		40

STARTDATE	DISABILITY	NEEDS	PROVIDED	AGE_APPRX
30/05/2013	clients with general social dysfunction	two computers to set up workshop	dual core AMD; fast single core AMD; monitors and accessories	65
26/05/2013	paraplegic	laptop for Internet access, etc. and to offer training		70
19/05/2013	none acknowledged	computer for Internet access, etc.	Dell Dimension 756Mb Ram	70
08/02/2013	for son who is ADHD/BiPolar special needs	system for son for Internet access at home	basic system	35
24/01/2013	autism	laptop with better screen than present netbook	laptop 1.5GHz	
23/11/2012	general debility	updated system etc.	dual core machine and second monitor	
31/10/2012	broken hips; mobility; DLA etc.	basic system		63
25/09/2012	fibromyalgia plus two children	full system for health and education		35
23/09/2012	arthritis; mobility difficulty	PC for Internet shopping	awaiting landline	64
11/09/2012	Down's syndrome daughter and problems	basic Internet system and printer	dual core; web cam; v old deskjet	40
11/09/2012	diabetes	basic system		65
28/08/2012	multiple	basic PC for word processing - has dongle for Internet		52
31/07/2012	Mental health issues		desktop system and monitor	55
28/06/2012	two autistic daughters, 8 and 11	basic computer for two autistic daughters	Dell 2.8GHz single core; 17" monitor	
09/05/2012		basic Internet system and learning aid		37
09/05/2012	Support organisation		Compact desktop system and monitor	
03/04/2012	probation, etc.	basic system for learning and IT	AMD core 2 system	50
22/03/2012	Disabled Support Group	up to five PCs for clients to work on	three medium range PCs	
10/03/2012	severe back pain	basic Internet system and learning aid	AMD 1.6GHz; speaker; monitor etc	57

STARTDATE	DISABILITY	NEEDS	PROVIDED	AGE_APPRX
08/03/2012	clients with general social dysfunction	general purpose laptop	general purpose laptop (US keyboard) and D-Link WiFi	60
08/03/2012		laptop to learn literacy at college	old Windows ME laptop	30
16/12/2011	son - sensory issues	laptop and Dragon Dictate		
11/12/2011		two systems	two systems plus printer	
12/10/2011	mental difficulties	basic system for wp and Internet	P4 system	
03/10/2011	damaged hips, etc. (motor accident)		Pioneer A/V system	60
28/09/2011	son (10) autistic; home educated	Internet laptop for use in more than one room	Acer 1.6GHz laptop; XP	35
18/08/2011	wife COPD	computer base unit for Internet shopping, etc		75
24/07/2011	macular degeneration	faster system	Dell Dimension 5000	78
24/06/2011	mobility problems	Internet system		50
07/06/2011	ME 6 years	basic system for Internet and download photos		45
18/05/2011	organisation for shopping mobility	needs PC for e-mail	AMD tower etc, printer which may need attention	55
18/05/2011	tunnel vision	basic tower unit to take vision software	AMD tower only	
16/05/2011	fribromyalgia	basic system for WP; maybe Internet later	AMD system with good Epson printer	50
04/04/2011	mental health and DLA	Internet system, not necessarily laptop	basic AMD system	50
14/03/2011	psychiatric problems	Internet system		40
14/02/2011	psychiatric problems	Internet system, not necessarily laptop	basic AMD system	40
27/01/2011	clients with general social dysfunction	several computers to set up workshop	two P4's, two flat screens and two printers	60
27/01/2011	clients with general social dysfunction	several computers to set up workshop	two P4's, one flat screen, two mice, two keyboards	60
02/10/2010	depression and medication	basic system for learning	2.8GHz HP d330 with Dell 17" flat monitor	56
01/10/2010	Blind	support from Buzz		
01/10/2010	clients with general social dysfunction	several computers to set up workshop	two P4's and one no drivers; two flat screens	65

STARTDATE	DISABILITY	NEEDS	PROVIDED	AGE_APPRX
07/09/2010	blind	Base unit provided for update purposes		39
04/09/2010	learning disability; mental health	AMD 2GHz computer with accessories and disks	fast 3Ghz system	
02/04/2010	Alzheimer's and disabled	basic computer no Internet	P4 Fujitsu	80
23/03/2010	Down's syndrome	basic computer with Internet capability	P4 system from B Brown	40
21/03/2010	husband psychiatric problems; family	full Internet capable system	P4; 1Gb Ram; 80Gb HDD; sound; LAN; MM flat screen	
19/02/2010	MS	technical advice	technical advice	55
04/02/2010	probabtion	basic PC unit	AMD 1300 MHz box	45
03/02/2010	brain damage at birth	basic computer with graphics capability	P3 system with Canon MFC	36
01/02/2010	Down's Syndrome	basic computer with graphics capability	P4 system with HP deskjet printer	48
15/12/2009	spina bifida and learning difficulty	exchange system	exchange AMD 2GHz for P4 plus flat monitor provided	
26/11/2009				
14/06/2009	general debility	updated base unit	P 2.4 GHz; 512 Mb	68
08/05/2009	severe fall		1.2Mz Celeron system	30
13/03/2009	single parent		P2.4GHz; 1Gb; 40Gb; scanner; 17" monitor	48
09/03/2009	single parent		IBM Thinkpad	45
14/01/2009	probation; mental problems	Computer for general applications	posh Win XP system - HP	
30/12/2008	DLA Housing Support	full system for Internet and work	P4 with HL4 laser, sound, modem etc.	39
30/12/2008	fibromyalgia 30 years	word processing system only	PIII fast system, no printer	50
09/10/2008		general system for applications and jobs		23
15/09/2008		general PC system		50
11/09/2008	stroke one side	Internet system	P4; 17" monitor; C990 printer (no modem)	51
23/08/2008	blind	Computer for general applications (blind)	2GHz P4; 1Gb memory; 40Gb HDD	35
19/08/2008	educational needs	XP machine for learning and education	1GHz AMD	12

STARTDATE	DISABILITY	NEEDS	PROVIDED	AGE_APPRX
28/07/2008	uncertain	general PC system	nothing after numerous follow-ups	40
17/07/2008	probation	better system for job applications etc.	basic PC system; Win 98	40
27/06/2008	paraplegic - wheelchair	basic w.p. system; no internet; DeskJet 990cxi	PIII 283Mb 20Mb no modem or sound; 17" VGA	40
28/04/2008	general problems	new system with broadband	800MHz 256Mb RAM; printer etc.	35
25/04/2008	probation; alcohol	full PC	Sony Vaio all-in-one	42
17/04/2008	emphysema; probation	basic system for practice	AMD 700MHz; 17" monitor; mouse and keyboard; no modem	40
17/03/2008	autism	full system for training purposes	2GHz system with Epson laser printer	30
07/03/2008	poor sight	technical support	technical support	
11/01/2008	bad back		two serial mice	
11/01/2008	isolation		full system with sound and printer	
15/12/2007				
06/12/2007	general	basic system for WP and Internet	800MHz AMD and DeskJet printer	70
22/11/2007	moya-moya with CVA		PI laptop and HP 6L printer	20
19/11/2007	back injury	Internet system for shopping	computer and keyboard, modem	23
16/11/2007	mental health	system for DTP for newsletter etc.		50
05/11/2007	severe Dyslexia	systems for six clients	various systems	60
12/10/2007	mental health problems	computer base unit only	base unit 1.3Ghz AMD	35
12/10/2007	severe back problems and pain	full system with printer	800 MHz AMD with printer, etc.	42
03/10/2007	"vulnerable"	basci PC for training	basic PIII system	
03/10/2007	mental illness	basci PC for training	basic PIII system	
20/09/2007	ME		IBM laptop temporarily	44
15/08/2007	degenerative arthritis of the spine and hips	basic copmuter system	AMD 1200 MHz; 17"; Lexmark Z35 printer	
12/08/2007	general	basci system to start computing	PIII 500MHz; monitor etc.	75
25/07/2007	arthritis and mobility difficulty	full system	PIII 500 MHz	35

STARTDATE	DISABILITY	NEEDS	PROVIDED	AGE_APPRX
13/07/2007	depression; anxiety	basic system; no Internet necessary		37
05/07/2007	partially sighted	system for Internet, etc	AMD 1GHz; 17" Monitor; speakers (no modem or sound card)	26
04/07/2007	wheelchair bound; left hand disability	Internet; letter writing	basic system	26
28/06/2007	arthritis; plantar fasciitis	basic system to do auto-cad	AMD 1200; PSC 550; ext. modem; 17" Dell	57
21/06/2007	Dyslexia; had PC stolen	full PC system, scanner	full spec, no modem, no printer	
21/06/2007	Dyslexia	full PC system	full spec, no modem, scanner	
21/06/2007	Dyslexia	full PC system	full spec, no modem, no printer	47
18/06/2007		basic system with Internet access		77
13/06/2007	son learning disability aged 9	basic system with Internet access		30
26/04/2007	mental difficulties	basic system for WP and e-mail	PIII 500MHz; 10Gb; 128Mb; Epson printer	50
23/03/2007	meningitis	basic system for general use, Internet, etc.		35
14/02/2007	damaged right arm (right handed)	basic WP system for Business Studies course		30
09/02/2007	wheel chair user			
31/01/2007	brain damage from accident	system to learn basic IT skills	basic system with bubble jet printer	
15/01/2007	seeking work		Athlon 1GHz; 17" CRT monitor; no printer	30
22/12/2006	recently homeless	computer for son and to help find employment	basic system; no printer	
24/11/2006		base unit	PIII 500 MHz base unit	
16/11/2006	Mental Health			
16/11/2006	drug rehabilitation?	full system to help get back to work		40
15/10/2006	son with behaviour problems		Gateway 500MHz PIII	30
05/10/2006	requires hip replacement; unemployed	PC to do garden design and Internet		38
14/09/2006	poor education; rehab			

STARTDATE	DISABILITY	NEEDS	PROVIDED	AGE_APPRX
06/09/2006	son with behaviour problems		Gateway 500MHz PIII; Epson printer etc.	30
29/08/2006	partially sighted	system for ECDL	PIII 500MHz; 17" Monitor; HP DeskJet	25
17/07/2006	wheelchair user	PC to print photos and use Internet	PIII 700 MHz; HP PSC	62
14/07/2006	Agoraphobia	system to communicate with		57
06/07/2006		medium speed Internet system and for writing	AMD 900MHz; 17" Dell Monitor; Canon Laser Printer	50
15/06/2006	severe asthma	basic system to learn for IT course	PIII 700Mz; Epson C42	40
01/06/2006	ME	full Internet system	PIII 700MHz; 256 Mb; PSC printer	18
22/05/2006	degenerative spine disease (Ind accident)	basic system	AMD1200; DJ 845c	40
18/05/2006	arthritis			70
18/05/2006	partially sighted			
14/05/2006	schizophrenic; drugs	Internet system for personal research etc.	PIII 700Mz; 15" SVGA; HP DeskJet USB	
09/05/2006	general age related		full PII system plus DeskJet printer (no ink)	
08/05/2006			PII system with printer but no modem	
06/05/2006			PII system with printer but no modem	
27/04/2006	bad knee; bad back; mobility problems	full system with Internet access	PII 333Mz; 64Mb; HP DeskJet	72
21/04/2006	Son with ADHD, speech and language difficulties	basic PC system	PII 333MHz with sound and external modem; HP DeskJet 520	
12/04/2006	ME	replacement box	replacement PII Dell 400MHz; 4Gb + 2Gb extra disk	44
31/03/2006				
27/02/2006	shoulder disability - surgery	basic system for training		51
12/01/2006	poor vision		17" Compaq CRT monitor	58
11/01/2006	neuropathy			50
05/12/2005	severe asthmatic			35
30/11/2005	back operation due	replacement base unit	RM PII 350MHz base unit	30

STARTDATE	DISABILITY	NEEDS	PROVIDED	AGE_APPRX
25/11/2005		basic system for WP and Internet shopping, but will use own LCD		50
24/11/2005	cerebral palsy	more powerful system for art work	Athlon 1200 system 512Mb; 20Gb	14
23/11/2005	severe autism			14
23/11/2005	autism			14
19/11/2005	adult neural damage	two basic systems and laptop	two basic systems	
10/11/2005	Rh. Arthritis; Carpal Tunnel; epilepsy	basic system for Psychology Degree	PII 300MHz, box only	35
03/11/2005	hearing impaired since birth	basic system to help get back to work		37
23/10/2005	bad back; limited mobility	advice	advice to discuss problem with supplier	
18/10/2005	heart condition; medication; bullied at college	Coolspot Course; graphics design; photoshop etc.		19
10/10/2005	general disability		basic system box P450	55
04/10/2005	mobility - knee operations	Internet system for OU Law Degree; has MS Works and own printer	P450; 6Gb; 128Mb; modem	39
02/10/2005	arthritis		full PC system and support	50
29/09/2005	learning difficulties	Internet access and college work; colour printer for college wo	PII 333; 17" Eizo; Canon S200	
29/09/2005	DLA	Internet access for shopping, etc., basic printer for letters	PII 333; Dell 15"; Epson S400	
08/09/2005	ME and fibromyalgia (on DLA)	Internet; nutrition study		40
31/08/2005	RCVA; left handed - left hand affected slightly			47
25/08/2005	stroke like limitations from brain operation; mobility	basic system for WP and OU course	mouse and keyboard	55
15/08/2005		basic system for WP and OU course		25
12/08/2005	mobility, plus learning disabled daughter	basic Internet enabled PC, printer, etc., floppies	K450 system	45
12/08/2005	general disability; neck problems	basic Internet enabled PC, printer, etc.,		45

STARTDATE	DISABILITY	NEEDS	PROVIDED	AGE_APPRX
07/07/2005	very deaf; isolated and elderly	PC for digital work	PII 500MHz; 17" (already has printer)	80
04/07/2005		basic system for WP	PII; HL-5	
04/07/2005		basic system for WP and OU course	PIII; HL; modem; sound	
01/07/2005	not quoted	basic system for WP and eventually Internet	PIII; HL-8v; modem; sound	
28/06/2005		technical support		38
15/06/2005		six systems for clients; three provided	three GKN PII's plus modems	
14/06/2005	Aspberger's; panic attacks	basic system and Internet		16
08/06/2005		two computers for social project	two PII systems with sound	
07/06/2005	Asperger's; mental health	basic system for WP and eventually Internet	PIII; HL-8v; modem; sound	38
26/05/2005	housebound, in wheelchair	email and Internet and word processor		61
26/05/2005	autism	basic system with Internet access - likes gardening	PII 266MHz, modem, etc., CXI 990 printer	32
26/05/2005	Rh Arthritis; dyslexia	basic system, no Internet at present		52
15/05/2005			Supplied 14 systems for various clients, 7 printers	40
06/04/2005	feet fracture; ME	basic system to help get back to work	GKN 266MHz PII	44
03/04/2005	general		PIII system and scanner; no Internet	50
17/03/2005	bad back; desertion	DeskJet printer	DJ 690C	
13/03/2005			Technical support provided re Aspberger's	
13/03/2005	Aspbergers		P233/64/4.1	7
13/03/2005	Aspbergers		P233/128/3.2	7
13/03/2005	thalidomide		support provided re mouse	
13/03/2005			Technical support provided re Aspberger's	
13/03/2005	social		various P233	
13/03/2005			Technical support provided re Aspberger's	

STARTDATE	DISABILITY	NEEDS	PROVIDED	AGE_APPRX
13/03/2005	social		basic machines - P166/64/var.	
08/03/2005				
21/02/2005	General	basic system for wordprocessing		73
